

Butterfly Valve(Wafer)

As the professional manufacture, we would like to provide you high quality Hispeed® Butterfly Valve(Wafer). We supply Butterfly Valve(Wafer).The butterfly valves are indicating type valves designed for use in fire protection systems where a visual indication of open valve condition is required. They are used, for example, as system, sectional and pump water control valves, and are suitable for installation between

ANSI Class 125/150 flanges as well as PN10/16 flanges without the need for flange gaskets. We are expecting to become your long term partner in China.

Product Description

You are welcomed to come to our factory to buy the latest selling, low price, and high-quality Hispeed® Butterfly Valve(Wafer). It is a growing company that is constantly striving to improve its quality. We would like to work with you on a long-term basis

Hispeed® Butterfly Valve(Wafer)

The Hispeed® butterfly valves are indicating type valves designed for use in fire protection systems where a visual indication of open valve condition is required. They are used, for example, as system, sectional and pump water control valves, and are suitable for installation between ANSI Class 125/150 flanges as well as PN10/16 flanges without the need for flange gaskets. We are expecting to become your long term partner in China.
